Posted by Claudio Pires Franco - 2009/07/05 16:22

Attached is a draft written account of the sessions on the website forum. Main points highlighted in red. This has been made by one of the participants and we would really appreciate it if you could have a look and add comments, point out omissions, suggest additions and thoughts that might have come to you during and since the seminars.

The forum will be open till July 13th.
